

# THE HONDO ANVIL HERALD.

HONDO, MEDINA COUNTY, TEXAS, SATURDAY, SEPTEMBER 26, 1925.

VOL. 40. No. 9

## LOCAL & PERSONAL.

The Anvil Herald is in receipt of the following card: "Mr. and Mrs. E. Friedrich request your presence at the marriage of their daughter, Thelma Marie, to Mr. Morris W. Williams, on Thursday evening, the first of October, at eight o'clock, St. Martin's Lutheran Church, Austin, Texas. At home after October 10th, 117 East 40th Street." Mr. Williams will be remembered by many Hondo people as the young man who formerly operated the Anvil Herald linotype machine. We extend our congratulations.

A good many from here attended the funeral of the late Rudolph Wurzbach at Castroville last Wednesday afternoon. One of the largest funeral crowds ever witnessed at Castroville was present, people coming from all over the county and from many other points. Deceased was 81 years old and had numerous relatives and many friends. The services were conducted by Rev. Walter Kralick, and interment was made in the Castroville Lutheran cemetery.

Elsewhere we reprint from Sunday's Express some photographs of the Estham & Tarver well, with explanations accompanying the cuts. This is given for its news interest and is no part of the advertising campaign a subscription for which was recently taken up here. We understand the committee has taken no further steps in the matter of advertising the oil field.

If some of the news items in this issue of the paper seem of ancient vintage it is because that same matter was crowded out by late hour advertising last week. Your copy in early, PLEASE.

A. C. Leske and little son, are here from San Antonio. Mrs. Leske's mother, Mrs. Camp.

Clerk S. A. Jungman is marriage license to Mr. Theo. and Miss Alma DeGrodt, 19th.

P. W. Radetzky of Yancey M. Foster of this place expunges last Sunday at the 9-11 services.

Harvey Wilson, one of Hondo School's honor graduates, spring left this morning for town to enter the University. success to him.

## LOADING OIL AT EASTHAM & TARVER WELL

Nothing proves the value of a well like the oil that comes from it. Above is shown the 500-barrel storage tank at the Eastham & Tarver No. 1 Viola Wilson in Medina County loading out a truckload of oil for fuel for the Johnson Brothers well that is being drilled west of Noonan on the Tschirhart farm.—Sunday's Express.

Mrs. Rollie Gaines and children are visiting Mrs. Charles Wiede in Lockhart this week.  
Mr. and Mrs. H. V. Haass, Jr., and boys were here yesterday from Castroville visiting and looking after business.

Rev. A. M. Foster returned the latter part of last week from the Rio Grande Valley. He reports the Valley prosperous with a fine crop of citrus fruit just ripening into a golden yellow, a fore-runner of the crop of gold the growers are to garner with the harvest of their fruit. He left Will Earnest Newton in a good job at Donna and Jerome Foster with good prospects of a job.

Mrs. H. G. Faseler of Yancey is here this week visiting her daughter, Mrs. W. N. Saathoff. Mrs. Faseler, who is in her 82nd year, was a classmate of the late Rudolph Wurzbach when they received their confirmation in the Lutheran church in Castroville many years ago.

This section was blessed with a rainfall of a little better than an inch Thursday, putting new hope in the hearts of the people. In some localities the precipitation was heavier and farmers will plant oats.

H. H. Crow, the Watkin's man, will sell you Watkin's Products and is the Home Relief Association Secretary and will accept your application for membership. Be ready to join when he calls. 9-3t.

## PARENT-TEACHER ASSOCIATION.

The Parent-Teacher Association met in its first business session Monday afternoon at the rest room.

Plans were discussed for raising funds to buy equipment for the school, and an early date to be decided on for the health examination.

The 10th grade won the banner for attendance.

At the close of the business session, cars were dispatched for the new teachers who were received and seated by Mrs. Horger and her executive committee.

Mr. Brewster spoke enthusiastically of the plans for the coming school year and urged the cooperation of the parents with the faculty. An entertaining hour of piano and vocal numbers and readings followed, after which the guests were handed slips of papers to find partners. After merry scrambling and assorting, these on being matched found such congenial couples as "corned beef and cabbage," "needle and thread," "day and night," "cash and carry," etc.

On announcing themselves to Mrs. Barnitz Carle and Mrs. Theo. Barnes they were served iced punch and chicken salad and pineapple sandwiches.

The hall had been tastefully decorated with baskets and bowls of purple and yellow flowers in a profusion of ferns and each guest had as a plate favor flowers of the same colors, representing the Parent-Teacher Association.

Mrs. O. H. Miller, as hostess of the afternoon, had as her assistants Mesdames W. H. Smith, Roland Schuehle, Theo. Barnes, August Schuehle, Felix Batot, R. J. Noonan, C. J. Bless, L. J. Brucks, C. J. Monkhouse, V. P. King, John Horger, Barnitz Carle and G. W. Monkhouse.

Between 85 and 100 guests were present.

## LADIES' FORTY-TWO CLUB.

At the meeting of the ladies' "42" Club held Thursday afternoon, Mesdames C. J. Schuehle, Oscar Schuehle and Aug. J. Schroeder were hostesses.

Mrs. Eby of Austin, Mrs. Welhausen and Mrs. John Hardt of Uvalde were club guests.

Mrs. L. E. Kohlman's name was added to the membership list.

A the close of several hours of playing, Mrs. O. H. Miller held high score, having won fifteen games.

The refreshments course and color scheme were suggestive of "Diez y seis," which was celebrated here this week by our Mexican population. The table center pieces were in red, white and green and the same bright colors were featured in the napkins and in the costumes of the stonita-designed tallies. The refreshment course consisted of "frijoles" served in small brown bowls of Mexican pottery, tamales, inchilales, and iced tea, with tiny "cestas," filled with salted peanuts, as favors.

Besides the guests and hostesses the following were present: Mesdames Jack Forgason Horace Bradley, Earl Starnes, C. J. Monkhouse, Edward Cameron, Harry E. Taylor, Garland Martin, W. H. Smith, R. W. Speece, F. H. Schweers, O. H. Miller, Henry Merriman, R. J. Noonan, P. Jungman, L. E. Kohlman, Jr., Mimke Muennink, L. E. Heath, P. P. Brewster, Fletcher Davis, Felix Batot, Robert Bendele, Earl Boon, L. J. Brucks, Misses Lucille de montel and Bess and Lillian Brucks.

The hostess for the next meeting will be Mrs. W. H. Smith, Mrs. R. W. Speece and Mrs. F. H. Schweers.

## BRIDGE CLUB.

Misses Bess and Josephine Brucks were hostesses to the Bridge Club which met Saturday evening, honoring Miss Winifred Phillips of Thorndale.

At the end of the playing Mrs. Jack Forgason held high score and received a fancy bottle of bath salt. Miss Estelle Wood of Uvalde won the guest prize, a yellow voile handkerchief folded to represent a rose bud.

Refreshments of grape ice and angel food cake squares iced in lavender and yellow were served. The tallies carried out this same color scheme.

Those present were: Mrs. F. S. Cockrell, Mrs. Earl O'Neal, Mrs. L. E. Heath, Mrs. Jack Forgason, Mrs. P. P. Brewster, Mrs. Charlie Johnson, Mrs. L. J. Brucks, Misses Lillian Brucks, Octavia Davis, Rose and Estelle Wood of Uvalde, the honoree, Miss Winifred Phillips of Thorndale and the hostesses, Misses Bess and Josephine Bruck.

## A NEW OIL TEST.

Mr. A. P. Rabb unloaded a rotary oil drill from Beaumont here last week and moved it to the C. W. Gilliam farm about eight miles north of Hondo this week where a test will be made for oil.

This is a new field entirely as no tests have been made within the radius from north to east from Hondo. The developments will be watched with a great deal of interest by our people.

Drilling is expected to start as soon as the rig is in place.

## BAPTIST WOMEN'S MISSIONARY UNION.

Mrs. S. G. Carter entertained the Baptist W. M. U. last Wednesday afternoon in honor of Mrs. J. L. Carter and daughter of Sabinal, who are guests in the Carter home this week. After a most enjoyable social hour, directed by the hostess, delicious refreshments were served consisting of lavender sherbert and white cake, thus carrying out the colors of the W. M. U. The favors were a violet nestled in a green leaf and a white card on which was inscribed, in lavender, the W. M. U. watchword, "Laborers together with God."

After expressing to the hostess their appreciation for a most delightful afternoon the guests departed for their homes.

## will ALWAYS give Most Miles per Dollar

No matter where crude rubber prices may go—Firestone advantages in securing raw material, in manufacturing and distribution are always active to make good the pledge of Most Miles per Dollar.

Racing drivers—hill-climbing and endurance record holders—taxicab, motor truck and bus operators—and hundreds of thousands of car owners—are daily emphasizing the unheard-of mileage and service delivered by Firestone Gum-Dipped Cords.

Gum-Dipping is one of the biggest factors in tire performance and long mileage, making Firestone Gum-Dipped

Cords the most economical tires ever offered motorists

The cord from the fabric mills is first delivered to a separate plant where it is treated in a solution of gum which insulates every fiber of every cord. This protects against internal friction and heat, giving the sidewall greater flexibility and additional strength.

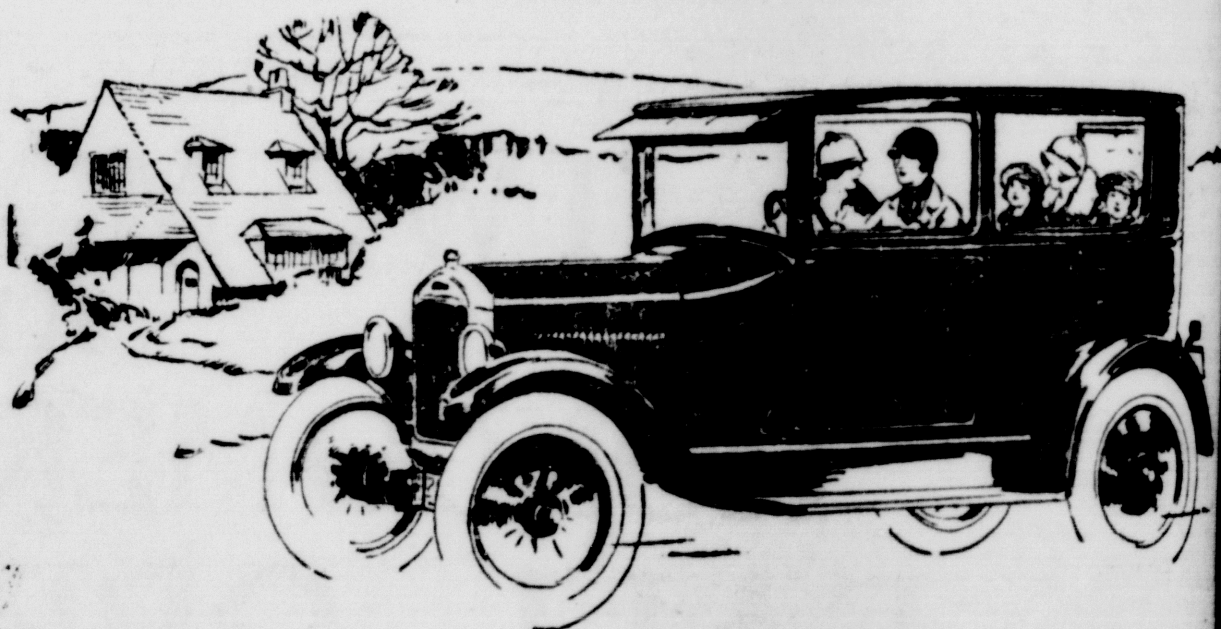

Prove Firestone's many superiorities for yourself. If you have never had the safety comfort and economy of these

serviceable, long-mileage tires—go to the nearest Firestone Dealer—for Firestone only builds Gum-Dipped Cords.

## The Smart New Tudor Sedan Will Especially Appeal To You

The Ford Tudor Sedan, recently announced, is an attractive closed car with all-steel body in deep Channel Green, and bright nicked radiator.

A pronounced stream-line effect has been achieved by dropping the chassis and lowering and lengthening the body. This also results in greater riding comfort because seats are low and deep, and the car is roomier.

See your nearest Ford dealer and have him explain the many new features, such as gas tank that is filled from outside, one-piece ventilating windshield, large fenders, attractive upholstery, wider running boards and doors and improved brakes.

Remember—this added beauty, comfort and convenience is offered at no additional cost.

# Medina County, the ideal place for progressive people seeking better opportunities.

Southern Pacific people had been building the railroad connecting the East with the West and adventurous people came to Medina County and began to settle. Fertile valleys and the prairies of Hondo, then in its native state where deer, turkey, and large game were plentiful and the Lipans, Apaches, Tonk- and Comanches lived happily and contented on the happy hunt-lands.

These adventurers and those who came early in the 50's, the early settlers of Hondo and surrounding country attribute much of their success to it was by their stoic courage and endurance that the fertile lands were transformed into extensive and highly developed ranches.

Hondo has a population of about 10,000 people—English, Irish, French, Mexican and African American descent.

The soil is varied. The Northern part is hilly with fertile valleys. Cattle, sheep and goat raising predominates here, though the valleys are very productive and abundant grain crops and at present there are about 10,000 sheep and 10,000 goats on the ranges. The wool and mohair production is enormous, and the revenue derived therefrom have made the ranchmen independent. Raising, too, is carried on largely.

Medina Valley lands are considered the best in the State for production of grains. The San Antonio Pure Oat organization has thousands of acres of oats. The average yield was 65 bushels per acre and was classed 99 per cent Macaroni wheat produced 40 bushels per acre. The soil adjacent to Hondo has a black and chocolate soil and is adapted to corn and cotton. The section further south and Hondo is sandy and adapted to fruits, vegetables and cotton. The rainfall is ample. The average for the last 20 years is 28 inches. The climate is ideal, the summer breezes moderate the heat of the summer days. The altitude of the county ranges is from 2,000 feet in the extreme south to 5,000 feet in the north part of the county.

Natural resources are being developed. The Medina Valley lands are ready for seekers. The oil fields South of Hondo are receiving attention. Several pumps have been brought in. Numerous rigs are being run, and pipe lines have been surveyed to Hondo and Devine. The oil industry is established. Pecan groves along the Rio Grande and Verde are not only pleasure resorts, but revenue sources for the owners. Many of the older trees have been topped and are producing successfully. Another source of revenue is the production of honey. Numerous apiaries are found about the Huajilla hill section which are considered the best in the county from which the busy bee collects nectar and makes the honey which makes Medina County famous.

Medina County valuation is about \$100,000,000. The tax on land is 40c., bond tax, 50c., local taxes vary from 10c. to \$1.00. Independent District local taxes, Devine, \$1.00; Yancey, \$1.00. These schools have full affiliations with first class colleges and universities of Texas. Through the co-operation received from business people, who are ready to contribute towards the cause, much has been accomplished for the schools. They are the torch of civilization high and may illumine the darkest recesses of ignorance so that illiteracy is removed, thereby making the schools of the county rank among the highest in the State.

Prices vary, depending upon the nature of the soil, surface, size, location with relation to roads, churches, and distance from centers. The pasture lands range from \$8.00 to \$15, the improved lands from \$20 to \$40, and agricultural lands in a high state of development, well located, with abundance of shallow water at a depth of from 40 to 75 feet. The M. V. Co. will be put on the market in the near future. These are used for truck farming, fruits, vegetables and grains are the staple crops.

Citizens of Hondo, and Medina County are proud of their agricultural improvements, wealth, progress, best home life, splendid conditions, intelligent citizenship, justice, churches of all denominations, fraternal orders, convective leadership and community spirit. Hence, extend the glad hand to the genuine home-coming, and to those who are looking for better opportunities for themselves and their children.

The foregoing article was prepared by Prof. W. N. Saathoff for publication in the Forward Southwest Magazine, and is published here with acknowledgment to all interested parties.—Editor.

## Eastham & Tarver Well

Eastham & Tarver's No. 1 Viola Wilson in Medina County, 12 miles south and a little east of Hondo, the county seat, with the exception of a shut down of a day early in the week to change valves on the pump that have been cut out by the sand, has been pumping steadily for nearly two weeks and is holding up at a little less than initial production of pipeline oil free from all water. It is the biggest well in Medina County and is producing from a depth of 966 feet.

With the oil interests long divided more sharply in opinion as to the possibility of oil production in Medina than in any other county, the skeptical element is still taking the attitude of the farmer who saw the hippopotamus for the first time and

brazenly denied its existence. But the scouts are scouting it as a 50-barrel well. Wells drilled to the North of it did not find as much sand. It looks as though the field lay to the south and west, since the wells to the north were all smaller.

Attention and interest in Medina County is being stimulated by the well and deals are now being closed that will mean considerable drilling of new tests within the next few weeks. A pipeline will be built probably to Devine on the International-Great Northern as soon as more production is developed.

Above are shown at the left J. A. Taver, in the center Luther Eastham Jr., and at the right J. E. Walsh.—Sunday's Express.

## A TONIC

Grove's Tasteless chill Tonic restores  
Energy and Vitality by Purifying and  
Enriching the Blood. When you feel its  
strengthening, invigorating effect, see how  
it brings color to the cheeks and how  
it improves the appetite, you will then  
appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply  
Iron and Quinine suspended in syrup. So  
pleasant even children like it. The blood  
needs QUININE to Purify it and IRON to  
Enrich it. Destroys Malarial germs and  
Grip germs by its Strengthening, invigor-

## THE PUMP AT EASTHAM & TARVER WELL

Above is shown the pump being  
used on the No. 1 Viola Wilson in  
Medina County, belonging to East-  
ham & Tarver. Back of the pump  
reading from left to right are J. E.  
Walsh, Luther Eastham Jr., and J.  
A. Tarver, the last two named being  
the owners of the well.

The well is the best well that has  
been completed in Medina County  
thus far and is attracting a great  
deal of attention to the field. It got  
a great deal more sand than in  
the wells drilled to the north of it which  
seemingly accounts for the greater  
production.—Sunday's Express.

## HOW THE POLICE DOG GETS HIS TRAINING

Remarkable Results Achieved  
Schooling Wonder Dog

When being trained, the  
dog is not permitted to see  
humans other than its trainer.  
solitude obedience leads it to  
strangers; it can neither be  
dated, coaxed or lured; it re-  
sists all food offered by strangers;  
it may be hungry; when pro-  
trained, this intelligent animal  
face pistol fire unflinchingly,  
leaping to attack.

When well-trained it lea-  
seven-foot obstacle easily and  
broad jump a small stream  
to fifteen feet in width. It can  
ret out hidden goods and find  
that have been dropped. In  
it can search out every clue  
may be valuable.

Another remarkable thing  
the police dog is its quickness  
seeing the presence of crime  
with whom it has been in pre-  
contact. It has been known to  
out a man from a large crowd.  
Rintintin the police dog  
screen actor not only does all  
things but is recognized as  
easily the peer of all dogs. In  
the dog championship for ju-  
Its remarkable skill can be seen  
"Where the North Begins" the  
ture of the grim northland  
shown at the COLONIAL The-  
Thursday and Friday, October  
and 9th. This is a thrilling  
ance set in the far north, where  
venturers, outlaws, real men  
imitation kind live outside the  
of civilization.

 mother, and somehow the whole  
 world is strange;  
 The house is so lonely and silent it  
 hurts to reflect on the change.  
 They're now past the age when at  
 evening they'd charge in from  
 school every day,  
 And now they are lost for the ses-  
 sion and going to school far  
 away.  
 6-2t. They'll write you of course, of their  
 doing; they'll tell you of fun  
 they have there,  
 But still you look vainly, half hop-  
 ing, to find their clothes thrown  
 on a chair.

And all through the day it's sur-  
 prising you can't feel that life's  
 not the same  
 And check yourself over and over  
 in calling your children by  
 name.

9 They're coming back Christmas, God  
 bless them, but how can you  
 stand it till then?  
 When every last minute and hour  
 you're longing to have them  
 again.

And counting the days until Christ-  
 mas in horror that touches de-  
 spair

For when you step into their bed-  
 rooms you're shocked to find  
 nobody there.

You've done your best for them;  
 it comforts, whatever the sad-  
 ness and dread,  
 And yet your hands always are long-  
 ing to rumple your boy's yellow  
 head.

To stand at the stove, overheated,  
 for mothers delight in such  
 deeds,

To press out a dress for the party—  
 a dress that your little girl  
 needs.

They're coming back Christmas—  
 that's certain, but oh, how a  
 mother's heart prays

That Nature will change her whole  
 system and somehow will short-  
 en the days.

## Popular Jumper Frock

Eleanor Boardman

One of the most popular fashions  
 this season is the two-piece or  
 jumper sport frock. This one worn  
 by Miss Boardman is of plaid silk  
 jersey, with a novel side pleated  
 effect on the skirt. A narrow white  
 silk band around the neck falls in  
 long strings down the back.  
 The two slit pockets on the  
 blouse are also piped with white.

## A New "Scarf Frock"

Eleanor Boardman

Very charming and girlish is this  
 frock part of the Drecoll "Cape  
 Ensemble" which Miss Boardman  
 wears. It is of red silk with an  
 attached throw scarf tucked into  
 a novelty pocket in front. The ac-  
 cordion pleated apron effect on the  
 skirt has narrow inserts of white.  
 Note the panel effect at one side  
 of the skirt.

**COTTON PICKERS FREE SERVICE.**

Sisco, Sept. 17.—Cotton pickers by the hundred are needed in West Texas to gather the greatest crop of the white staple in the history of the section, and farmers are paying unusually high prices for picking despite the shortage in other sections of the state liberating thousands of persons who would otherwise be employed in their home counties. Great fields white with opened cotton await the pickers and busy men and women are making excellent wages and laying up money with which to go through the winter.

Certain sections of west Texas are in serious need of pickers while other sections need few. In some parts of the state cotton has opened early while in other sections it is not ready to pick as yet. Hundreds of cars, trucks, and wagons line the highways as pickers are going west to seek employment. In order that all may find work at the best prices and to facilitate the work of getting the pickers into the sections most needed, the Cisco Chamber of Commerce has arranged to cooperate with the state and federal employment agencies in disseminating information to the people seeking work. Westward bound people seeking cotton picking may stop at the Cisco Chamber of Commerce where they will be advised as to conditions throughout west Texas and will be directed to those sections most needing help and to the sections affording the best cotton and opportunities for pickers. Chambers of Commerce and others interested in distributing labor to the best advantage are advised to send persons seeking work to Cisco where the Chamber of Commerce there will direct them to the places where they are most needed. The service is free and is intended to be of help to farmers and cotton pickers generally. Highway conditions are good throughout west Texas and persons coming from south Texas pass through Cisco enroute west.

**CITATION BY PUBLICATION.**

**THE STATE OF TEXAS,**

To the Sheriff or any Constable of Medina County—GREETING:

YOU ARE HEREBY COMMANDED, That by making Publication of this Citation in some newspaper published in the County of Medina, for four weeks previous to the return day hereof, you summon Erlinda Mendosa, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Medina, at the Court House thereof, in Hondo, Texas on the 19th day of October, A. D. 1925, then and there to answer a Petition filed in said Court, on the 17th day of September, A. D. 1925, in a suit numbered on the docket of said Court No. 2081, wherein Ramon Mendosa is plaintiff and Erlinda Mendosa is defendant. The nature of the plaintiffs demand being as follows, to-wit:

That on or about the 29th day of April, 1924, in New Braunfels, Texas, plaintiff was legally married to defendant then a single woman by the name of Erlinda Suniga; that after said marriage plaintiff and defendant continued to live together as husband and wife until on or about the 6th day of April 1925, when due to the misconduct and disloyalty of defendant, plaintiff then and there permanently separated from her with the fixed intention of never living with her again as husband and wife, and since which time they have never lived together as husband and wife. That during the time they lived together as aforesaid plaintiff was at all times true and loyal to defendant and at all times amply provided for her support and maintenance, but that defendant, un-mindful of her marital vows, shortly before their said separation, began and pursued a course of conduct, which when discovered by plaintiff rendered their further living together as husband and wife insupportable, the premises considered.

That defendant is guilty of having committed acts of illicit carnal intercourse with one Simon Maldona, and of having committed the offense of adultery with said party; that said Simon Maldona made frequent secret visits to plaintiff's home in the town of Hondo, in the absence of plaintiff and while plaintiff was away earning a living for himself and defendant; that on said visits defendant would lock and bar the doors and windows of the house which constitute the home of plaintiff and defendant, with no one but herself and said Simon Maldona in the house; that said visits could be for no other than unlawful purpose; that upon being informed of said visits the plaintiff lay in watch and caught said Simon Maldona and defendant in his home on April 6th, 1925, that all doors and windows were locked and barred, and upon forcing an entrance plaintiff found said persons excited and other facts which indicated that the parties had been guilty of the illicit acts above complained of.

That upon such discovery defendant became enraged and left the place after having made no explanation nor excuse for the visit of said person.

That said acts constitute cruelty of the grossest nature and plaintiff has suffered greatly by reason thereof. That said marriage relations continues to exist.

That plaintiff and defendant have no children and no property.

Wherefore, plaintiff prays the Court that defendant be cited to appear and answer this petition, and that upon final hearing plaintiff have judgment dissolving said marriage contract and relations now existing between plaintiff and defendant, for his costs of suit and such other relief general and special, in law and in equity to which he may be entitled.

HEREIN FAIL NOT. And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon showing how you have executed the same.

GIVEN UNDER My hand and seal of said Court, at office in Hondo this, the 17th day of September A. D. 1925.

Issued same day.

FROM THE DEVINE NEWS

From The Devine News.

HARVESTING 200 ACRES PEANUTS IN A FEW DAYS.

Fred Williamson has already begun harvesting 200 acres of peanuts, grown on dry sandy land, with very little rain. He has been told by experts that his yield will be 20 to 30 bushels to the acre and one to two tons of hay as good as alfalfa, making a total yield of \$40 to \$50 the acre. The Messrs. Williamson are so highly pleased with the results of their peanuts that they will probably plant 500 acres next year, and invite sandy land farmers to join them. They have a thresher and may put in a small mill. Besides the direct yield of revenue per acre, peanuts are a leguminous crop and enriches the land almost like the field pea, to rotate, with peanuts one year and corn the next year would be a good idea, some of our best farmers think. One of the fields of Fred Williamson's crop this year is on the highway in the north end of town and are seen daily by hundreds of people.

FROM BIRY.

Messrs. Julius and Gus Rihn and Irvin Hartung spent Friday in San Antonio.

Mr. and Mrs. Mike Frazier and Mr. and Mrs. Joe Keller of LaCoste were the guests of Mr. and Mrs. Jacob Biry here Friday.

Miss Gladys Godden is spending

Biediger of San Antonio spent Sunday here with relatives.

Mr. and Mrs. Robert Beets and daughter of San Antonio were here for the dance Sunday night at the Electric Park.

Miss Olivia Jungman returned to her home in Devine, after staying with her grandmother here the past week.

Mr. and Mrs. Eugene Bohl and daughter, Miss Mary, of Devine and Mr. and Mrs. P. Jungman of Hondo were visiting grandma Jungman here Sunday.

Eug. Halbardier and daughter, Miss Rosa, were San Antonio visitors Sunday, they were accompanied home by Mrs. Adaline Klieber, who had spent the past week at San Antonio with relatives.

The dance given Sunday night at the Electric Park, was largely attended. The Sole Killers attracted a great deal of attention. Perfect order prevailed and nothing happened to mar the joy of the merry-makers.

Irwin, the three year old son of Mr. and Mrs. Louis Kempf from near Noonan, was bitten by a rattlesnake Monday morning. The child was brought to Castroville to Dr. Williams. At this writing the little patient is out of danger and getting along nicely.

Mrs. Emily Naegelin celebrated her 88th birthday anniversary Friday, September 18th, 1925. Present were Mr. and Mrs. Chas. Greabner, Mr. and Mrs. Ed Naegelin, Miss Lena Grill of San Antonio, Miss Emma Marty, Mrs. Bella Wiatrek, and the hostess. In the evening all departed for their happy homes wishing Mrs. Naegelin many happy returns of her natal day.

CARD OF THANKS.

We wish to sincerely thank one and all of our friends, who so willingly and liberally contributed toward a fund to defray expenses of our recent operation. Be assured, dear friends, your kind deed will always be remembered.

Sincerely yours,  
ED. HUEHNER.

Rev. Lawrence J. FitzSimon of San Antonio, came in the latter part of last week to take charge of the local Catholic Church. Rev. FitzSimon is a native Texan, having been reared in San Antonio, and appears to be a very live and wide-awake young man. He is a world war veteran and a member of the American Legion. The local Catholic church has not had a resident pastor regularly for the past several months and of course the new pastor is warmly welcomed by the members of his church.—Karnes County News of Runge.
